Professional Summary :-

I'm **Frontend Developer** with **2+ year of experience** creating responsive, scalable web applications. Skilled in React.js, Redux, JavaScript, and Tailwind CSS. Experienced in banking dashboards, reusable UI components, secure API handling, and building clean, maintainable interfaces.

Technical Skills :-

- **Frontend:** React.js (Router, Rest API, React Forms), Redux Toolkit, JavaScript (ES6+), Next.js, HTML5, TypeScript, CSS3, Tailwind CSS.
- **Backend:** Node.js, Express.js, MongoDB.
- **Tools:** Git, GitHub, VS Code, Postman, jest, React Testing Library.
- **Core Skills:** API Integration, Restful Api, CI/CD, Routing, State Management, Responsive UI, Performance Optimization Data Structure and Algorithms, NPM.

Professional Experience :- Tecspeak it solution

Dec-2023

- **Optimized** customer transaction journeys by simplifying steps, reducing errors, and **improving overall efficiency** across key banking workflows.
- **Enhanced** security and **ensured compliance** by designing reliable user interfaces that supported accurate financial operations and minimized customer mistakes.
- **Streamlined** application performance, reducing load times and improving responsiveness during high-volume banking activities.
- **Improved** delivery quality by collaborating with cross-functional teams, resolving issues quickly, and maintaining **high standards of accuracy and reliability**.

Project : -

****Banking Dashboard :- Links:- Liv Demo , GitHub Code**

Delivered a responsive banking dashboard that streamlined user workflows, improved financial visibility, enhanced data accuracy, and optimized performance through clear summaries, interactive charts, secure interactions, and efficient navigation.

****Google Homepage Clone :- Links:- Liv Demo , GitHub Code**

Created a pixel-perfect homepage clone with a responsive layout, improved search flow, enhanced usability, optimized performance, and smooth interactions, delivering a clean, user-focused interface with accurate results.

****Chat Bot (Gemini Clone) :- Links:- Liv Demo, GitHub Code**

Developed an interactive AI chat interface delivering smooth conversations, responsive design, optimized performance, improved user engagement, and efficient query handling with clean layouts, seamless navigation, and consistent user experience.

Education

Bachelor's degree (B.Tech) in Electronics & Communication Engineering (ECE) 2019 – 2023

Certificates

Karnataka State Council for Science & Technology (KSCST), Indian institute of science Bangalore.

Selected Final year project and provided funds for development.
